

Nadine Fugier, 30 Years of Teaching Excellence

Nadine Fugier exemplifies the standards of excellence the Alliance seeks to support. She has inspired generations of students to love the language of Molière and Proust, appreciate the culture's great historic and artistic legacy, and gain insight into its contemporary social, political, and economic life.

Drawing on her own broad experiences and employing real-life teaching scenarios and modern technologies, Madame Fugier consistently established dynamic and successful learning environments. With wit, intelligence, and joie de vivre she has brought the beauty of French culture into her classroom and enriched the lives of her students.
